

NQT+1 Programme

Inviting all NQT+1 teachers to join our recently qualified teacher programme.

- The programme is led by **Mary Bull** and **Claire James**, both Boleyn Trust DHTs with experience and expertise across the primary age range. Claire is an EYFS and KS1 specialist, as Mary is for KS2.
- We try to keep the groups quite small, so there will be opportunities for small group coaching.
- The aim is to enable participants to become consistently good or outstanding. The programme will deepen thinking and challenge expectations for teachers, who maybe need some more support in their formative years.
- Participants will have the opportunity to observe outstanding teaching and complete a variety of Learning Walks around an outstanding school.
