

Primary Science Conference:

Up and Atom!

- Energising Primary Science

The conference will provide outstanding learning opportunities linked to topical developments in primary science teaching alongside time to talk and share ideas with primary practitioners.

Outcomes

You will learn how to:

- increase science capital and its impact on children's futures
- engage children through stimulating science enquiry
- own and enrich your science curriculum

"A well run course with a pick of some useful insight into assessment in science and confirmation of current direction in school. Hands on practical activities were good as examples of how to teach knowledge without resorting to powerpoint."

Craig Turner, 2016 participant

Date: Tuesday 26th November 2019
9am-4pm

Pricing: £95 maintained schools
(£150 others)

Location: Holy Trinity CE Primary School
Beechwood Road,

What are you looking for?

PROFESSIONAL DEVELOPMENT

We offer high-impact professional development across the UK, and online, based on the latest developments in both pedagogy and STEM subjects. We can also tailor professional development to your school's specific needs with our bespoke CPD.

CAREERS EDUCATION

As well as a host of excellent resources on our website including the Careers Toolkit, we also run the STEM Insight programme to give you a unique experience in industry or university through inspiring placements.

INSPIRATION

We've got a host of ways to help you inspire your students: why not bring a STEM Ambassador into your school to talk about STEM subjects and careers, or start a STEM Club to build confidence and teamwork skills?

COMMUNITY

Share your ideas and challenges with teachers and technicians through our online groups and at our networking events. And join us on Twitter - we have over 20,000 like-minded educators following us.

STEM
LEARNING

National STEM Learning
Centre and Network

RECOGNITION

Our recognition schemes and awards allow you, your department and school to showcase the impact you have on your students and colleagues.

RESOURCES

We have over 38,000 quality, STEM teaching resources, available online or at our centre. You can also browse teacher-made resources and submit your own.

STEM Learning operates the National STEM Learning Centre and Network, alongside other projects supporting STEM education
